

Committee Composition Policy

1. The TARFish Committee is to be comprised of a broad range of people who have a common bond in recreational fishing administration, management, activities and/or research.
2. The Committee will be made up of a cross section of Member Organisation Delegates, Regional Representatives and/or Expertise Based people.
3. It is the intention that gender diversity will be covered by the composition of Committee Members.
4. It is an intention that there will be indigenous representation on the TARFish Committee.
5. The objective of a broad based committee is to ensure that the TARFish Committee has a wide range of views, ideas and thoughts as they relate to direct and indirect recreational marine fishing.
